**DECLARATION OF PRIOR INVENTION IN THE UNITED STATES TO  
OVERCOME CITED PATENT FOR PUBLICATION (CFR 1.131)**

COMMISSIONER FOR PATENTS  
P. O. Box 1450  
Alexandria, VA 22313-1450

Dear Assistant Commissioner:

1. This Declaration is to establish completion of the invention in this application in the United States at a date prior to December 13, 1999, the alleged earliest filing date of cited U. S. Patent No. 6,775, 781 to inventors Phillips et al.
2. The persons making this Declaration are the inventors.
3. The Assignment is recorded at Reel 011799, frame 0047 dated May 11, 2001.
4. To establish the date of invention of this application, the following attached documents are submitted as evidence:

Exhibit A: Early Flow Diagram

5. From these documents, all of which were created and in existence prior to December 13, 1999, it can be seen that the invention in this application was made at least by that date.

6. From the time of conception to a time just prior to the date of the reference, the inventors diligently worked towards filing of the application identified in the caption of this Declaration.

7. The present application relies on a provisional application filing date of January 14, 2000, which is only a few weeks after the earliest filing date of the reference.

8. This Declaration is submitted prior to final rejection.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on the information and belief are believed to be true; and further that these statements were made with the knowledge that the willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.
